Letter of Recommendation

To Whom It May Concern,

I am writing this letter to recommend Jeff Folino and his company, Jeffrey Angelo Construction, for additional construction services with prospective clients.

The scope of his project for us was to take down our original home at the beach and build us a three floor home with 8 bedrooms, 7 baths, 3 kitchens and 3 living rooms. Jeff and his crew paid attention to detail, quality and safety. He was at the construction site daily and worked closely with our architect to build us a quality home. I was able to reach him regarding any questions I had and changes I wanted to make. Working with Jeff and the home he build us, exceeded our expectations.

It was a pleasure working with Jeffrey Angelo Construction and I recommend them for your home construction needs.

Sincerely,

Warren Rybak

Homeowner
